Any property conveyed by the Developer to the Association may also be subject to additional covenants and restrictions as specifically set forth in the deed of conveyance.

**Section 2.02 Additions and Withdrawals of Property.** Additional property may become subject to this Declaration or be withdrawn from this Declaration in the following manner:

### ARTICLE III GENERAL COVENANTS AND RESTRICTIONS

Section 3.01 Purposes. The primary purpose of these covenants and restrictions and the foremost consideration in the origin of same has been the creation of a subdivision that is aesthetically pleasing and functionally convenient. The establishment of objective standards relating to design, size and locations of dwellings and other structures makes it impossible to take full advantage of the individual characteristics of each parcel of property and of technological advances and environmental values. For this reason such standards are not established by these Covenants. In order to implement the purposes of these Covenants, the Developer shall establish and amend from time to time objective guidelines which shall be in addition to these Covenants and shall be called Design Guidelines (hereinafter the Design Guidelines).

Section 3.02 Lots Limited to Residential Use. All Lots shall be used for residential purposes exclusively. No structure, except as hereinafter provided, shall be erected, altered, placed, attached to or permitted to remain on any Lot other than those structures and improvements approved for use and occupancy by the Developer in accordance with the Design Guidelines published from time to time by the Developer.

Section 3.03 Siting. All Dwelling Units, buildings, and other improvements must be located within the setback lines as shown on the Subdivision Plat and in accordance with the Design Guidelines. All improvements shall be located so that the maximum view and privacy will be available to each Dwelling Unit, and all improvements will be ideally located with regard

to the topography of each Lot taking into consideration the location of trees or plants, and other aesthetic and environmental considerations. The Developer reserves unto itself, its successors and assigns, the right to control and to decide solely (so long as (a) Developer's decisions are not arbitrary or capricious and (b) subject to the provisions of the pertinent land use regulations of public authorities having jurisdiction) the precise site and location of any Dwelling Unit, building, structure or other improvement on any property in the Subdivision. The location shall be determined only after reasonable opportunity is afforded to the Property Owner to recommend a specific site; provided however, that in the event an agreed location is stipulated in writing in the contract of purchase from the Developer, and such location complies with the applicable local city and county subdivision regulations, the Developer shall approve such location for a residence or group of residences.

Section 3.04 Signs. No signs shall be erected or maintained on the Property or on any Lot at any time by anyone, including without limitation, a Property Owner, realtor, contractor, or subcontractor, except the following approved signs: (1) one (1) "For Sale" sign; (2) one (1) sign for a contractor displayed during construction for a maximum of twelve (12) months or until completion of construction, whichever shall first occur; (3) one (1) sign for an architect or designer displayed during construction for a maximum of twelve (12) months or until completion of construction, whichever shall first occur; (4) a sign which must be posted as a result of legal proceedings pursuant to a statute or court order; or (5) a sign which has been specifically approved in writing by the Developer. The Developer reserves the right to restrict the size, color, content, location, number and method of display of each approved sign.

Section 3.05 Mailboxes. No mailboxes may be erected or maintained on the Property except mailboxes approved by the Developer. The actual cost of providing and erecting a mailbox, including Developer approved numbering or lettering, shall be provided by the Developer. The Developer reserves the right to designate the location of all mailboxes.

Section 3.06 Unsightly Conditions. It shall be the responsibility of each Property Owner and tenant thereof to prevent the accumulation of litter, trash, packing crates or rubbish or the development of any unclean, unsightly, or unkempt condition of buildings or grounds on their Lot before, during or after construction. Each Owner must provide or require an on-site dumpster for trash and litter during construction. It shall also be the responsibility of each Property Owner and tenant thereof to prevent accumulations which shall tend to substantially decrease the beauty of the community as a whole or the specific area. Each house under construction will be required to use an approved metal garbage collection device to hold all disposable construction materials for dumping until such time as the house is completed and this device is not necessary.

Section 3.07 Lights. The design and location of all exterior lighting fixtures shall be subject to the approval of the Developer. Neither these nor any other illumination devices located anywhere on the structures or grounds of any Dwelling Unit shall be located, directed, or of such intensity as to affect adversely the enjoyment of any adjacent Property owner.

Section 3.08 Animals. No animals, livestock, or poultry of any kind shall be raised,

bred, kept or pastured on the Property, except that a reasonable number of common household pets such as dogs and cats may be kept in any one Dwelling Unit, provided said pets must be secured by a leash under the control of a responsible person and obedient to that person's command at any time they are permitted outside a Dwelling Unit. Any areas located on a Lot for the maintenance or confinement of pets are subject to prior approval by the Developer. The Owner of a pet, leashed or unleashed, is responsible for the removal of feces deposited by such pet from any lot not owned by the owner of the pet.

**Section 3.09 Sewage.** Prior to the occupancy of a Dwelling Unit, proper and suitable provisions shall be made for the disposal of sewage by connection with the sewer mains. No sewage or other waste material shall be emptied or discharged except into the sanitary sewer system.

**Section 3.10 Repairs and Hazards.** Any building or other improvement on any Lot attached thereto that is destroyed partially or totally by fire, storm or any other means shall be repaired or demolished within a reasonable period of time, and the land on which it was located restored to an orderly and attractive condition. Any damage which causes a dangerous or unsafe condition to persons or which is unsightly and which is not repaired within a reasonable time (in no event longer than sixty (60) days) following notice, may be repaired or removed at the direction of the Association or the Developer, and the cost of such repairs or removal shall become a lien against the pertinent Lot and become the personal obligation of the Owner of such Lot. Any entry upon a Lot to effect such emergency repairs or removal shall not be deemed a trespass.

**Section 3.11 Offensive Activity.** No noxious or offensive activity shall be carried on upon any Lot or any other portion of the Property, nor shall anything be done thereon tending to cause embarrassment, discomfort, annoyance, or nuisance to the community. The Developer shall have the express right, in its *sole* discretion, to publish rules from time to time to prohibit, regulate or otherwise deal with activities which violate this Section. Any use of off road motorcycles, four wheelers and others as determined by the developer is prohibited in the developed area of the Subdivision as well as the undeveloped area thereof. Any violation in the undeveloped areas or unsold lots of the Developer will be considered trespassing and subject to prosecution under the statues of The State of Louisiana.

**Section 3.12 Utilities.** All electrical, cable and telecommunication lines located upon the Property, other then those existing on the date of this Declaration, shall be installed and maintained underground unless the Developer specifically approves above-ground installation of such lines.

**Section 3.13 Antennas.** No television antenna, receiving "dish", radio receiver or sender or other similar device shall be attached to or installed on any Lot or structure within the Subdivision without the prior written consent of the Developer. A location of a dish antenna must be designated on the plans for approval by the Developer. Nor shall radio, television signals, nor any other form of electromagnetic radiation be permitted to originate from any building, Dwelling Unit, Lot or any other portion of the Property which may unreasonably interfere with the reception of television or radio signals upon any other part of the Property. However, the provisions of this Section shall not prohibit the Developer from installing equipment necessary for a master antenna system, security system, cable television and mobile radio systems or other similar systems within the Subdivision.

**Section 3.14 Trespass.** Whenever the Developer is permitted by this Declaration to correct, repair, clean, preserve, clear out or do any action on any of the Property or on the easement areas adjacent thereto, entering such Property and taking such action shall not be deemed a trespass. Unless authorized by the Developer, no one is permitted to enter unsold lots or undeveloped property of the Developer, or any lot not owned by the trespassing violator; and such action shall be deemed a trespass and the Developer shall not be liable to anyone for such unauthorized entry.

**Section 3.15 Parcels.** No Lot shall be subdivided, or its boundary lines changed, except with the prior written consent of the Developer. However, the Developer hereby expressly reserves to itself, its successors and assigns, the right to re-plat any Lot and to take such other steps as are reasonably necessary to make such re-platted Lot suitable and fit as a building or access site including, but not limited to, the relocation of any Lot or easements, walkways, tunnels, rights-of-way, roadways, and Common Areas. The provisions of this Section shall also not prohibit the combining of two (2) or more contiguous Lots into one (1) large Lot. Three (3) Lots may be divided into two (2) Lots with approval by the Developer.

**Section 3.16 Ingress and Egress.** The Property Owner, in accepting title to Property conveyed subject to the covenants and restrictions of this Declaration, waives all rights of uncontrolled and unlimited ingress and egress to such Property (and waives such rights for any person claiming entry rights by virtue of any relationship or permission of such Property Owner and successors in title) and agrees that such ingress and egress to the Owner's Lot may be limited to roadways built or approved by the Developer. The Developer for itself, its successors, assigns, agents, employees and licensees, expressly reserves a right of ingress and egress upon and through any and all roads, roadways, bridges and any other designated access routes in the Subdivision to any portion or part of the Subdivision or Property. Nothing in this Section shall be construed as placing an affirmative obligation on the Developer to provide or construct any road, bridge, or other means of ingress and egress to or within the Subdivision.

**Section 3.17 Firearms.** No hunting by any means or discharge of firearms of any type shall be allowed on the Property.

**Section 3.18 Bridges.** The Developer expressly reserves to itself, its successors, assigns, agents, employees, and licensees, any other provisions of this Declaration notwithstanding, the right to build bridges, walkways, tunnels or fixed spans across any or all natural or man-made waters, canals, creeks, paths, or lakes in the Subdivision. Nothing in this Section shall be construed as placing an affirmative obligation on the Developer to provide or construct any such improvement.

**Section 3.19 Landscaping.** No weeds, underbrush or other unsightly growth which would unreasonably interfere with the enjoyment of adjacent Property Owners shall be permitted to grow or remain upon any part of a Lot and no refuse pile or unsightly objects shall be allowed to be placed or suffered to remain upon any part of a Lot, including vacant parcels, Common Area, or road right-of-way. All landscaping of any Lot shall be completed within sixty (60) days from the completion of construction of the improvements. These provisions shall not apply to the Developer until the last Lot is sold to an Owner other than the Developer.

The term "Common Area Landscaping" shall mean the area of each Lot from the street

to the front corners of the improvements on each Lot, which area shall be restricted as to the design and placement of plants and foliage and shall form a part of the Common Area Property. All plantings therein must be approved in advance by the Developer. All Landscaping shall be included in the Common

**Section 3.20 Temporary Structures.** No structure of a temporary character, trailer, basement, tent or shack shall be used at any time as a residence either temporarily or permanently. No storage building of any type shall be permitted unless such building is designed as part of the main Dwelling Unit and approved by the Developer. There shall be no occupancy of any Dwelling Unit until the interior and exterior of the Dwelling Unit is completed and a certificate of occupancy, or other satisfactory evidence of completion, is received and approved by the Developer. Any prefabricated structure is considered a temporary structure. If any structure as described above, that has been brought in on wheels or other methods, lifted, air borne is considered temporary. Temporary structures include modular and manufactured housing.

**Section 3.21 Fences.** No fences shall be erected in the Common Area Property. All fences and similar improvements must be constructed, installed, and maintained in accordance with the Design Guidelines. Chain link or any other wire fences shall not be used. A wooden, brick, stucco, wrought iron or similar approved fence or privacy screen may be used if constructed and placed in accordance with the Design Guidelines.

**Section 3.22 Garages.** All Dwelling Units must have a minimum of a vehicle-enclosed garage and must meet the requirements of the Design Guidelines. No carports will be allowed. Garage openings must be constructed in accordance with the Design Guidelines. In all cases electric automatic door openers/closers shall be installed and used. Any garages visible from the street must be kept closed when not in use.

**Section 3.23 Recreational Vehicles and Boats.** No boat, boat trailer, four wheeler, dirt or street motor cycle or trailer for the such, house trailer, horse trailer, trailer, camper, motor home, un-maintained cars, trucks, or any similar items shall be stored on any Lot for a period of time in excess of twenty-four (24) hours, unless housed in an enclosed garage.

**Section 3.24 Remedies for Vehicle and Recreational Equipment Violations.** Any such vehicle or recreational equipment parked in violation of these or other regulations contained herein or in the rules and regulations now or hereafter adopted by the Association may be towed by the Association or the Developer, at the sole expense of the Owner of such vehicle or recreational equipment, if it remains in violation for a period of twenty-four (24) hours. The Association or the Developer shall not be liable to the owner of such vehicle or recreational equipment for trespass, or conversion or otherwise, nor guilty of any criminal act by reason of such towing and neither its removal nor failure of the owner to receive any notice of said violation shall be grounds for relief of any kind.

**Section 3.26 Leasing Restrictions.** No Dwelling Unit or other structure shall be leased by the Property Owner for a lease term of less than six (6) months, and only one occupant per bedroom per Dwelling Unit shall be allowed unless the Tenant is a primary family. These easements and rights expressly include the right to cut any trees, bushes or shrubbery, make any grading of the soil, or to take any other similar action reasonably necessary to provide economical and safe utility installation and to maintain reasonable standards of health, safety and appearance. Any material disturbance to the grounds of any Property Owner caused by such utility installation shall be repaired and said grounds returned to their prior condition by the utility company performing the work, or prompt and reasonable remuneration for such repairs shall be made to such Property Owner by the Property Owners Association.

Section 4.02 Utility and Governmental Services and Private Easements. No fences, structure, or obstruction shall be erected or placed in any dedicated sewer, drainage, or utility servitude or easement.

**ARTICLE V**  
**ARCHITECTURAL AND DESIGN REVIEW**

**Section 5.01 Purpose.** In order to preserve the natural beauty of the Subdivision and its setting, to maintain the Subdivision as a pleasant and desirable environment, to establish and preserve a harmonious design for the community, to provide for the community's organized development, and to protect and promote the value of property, no building, fence, paving materials of any kind, screen enclosures, sewer drains, disposal systems, landscaping, or any other structure or improvement of any nature or any future addition or improvement shall be erected, placed, attached to or altered unless and until the proposed plans, design, specifications, exterior color or finish, plot plan (showing the proposed location of such building structure, drives and parking areas), building height, landscape plan, size and construction schedule shall have been approved in writing by the Developer prior to commencement of construction and a permit shall have been issued authorizing the structure or improvement in accordance with the Design Guidelines, as amended or modified front time to time.

**Section 5.02 Objectives.** Architectural and design review shall be directed toward attaining the following:

- (a) Preventing excessive or unsightly grading, indiscriminate earth moving, clearing of Property, or removal of trees and vegetation which could cause disruption of natural water courses or scar natural landforms;
- (b) Ensuring that the location and configuration of structures are visually harmonious with the terrain and vegetation of the Lots, with surrounding Lots and structures, and do not unnecessarily block scenic views from existing structures or tend to dominate any general development or natural landscape;
- (c) Ensuring that the architectural design of structures and their materials and colors are visually harmonious with the Subdivision's overall appearance, with the surrounding development, with natural landforms and native vegetation, and with development plans officially approved by the Developer, or any governmental or public authority, if any, for the areas in which the structures are proposed to be located;
- (d) Ensuring the plans for landscaping provide visually pleasing settings for structures on the same Lot and on adjoining or nearby Lots and blend harmoniously with the natural landscape;
- (e) Ensuring that any development, structure, building or landscaping complies with the provisions of these Covenants; and
- (f) Promoting building design and construction techniques that respond to energy consumption and environmental quality considerations such as heat loss, air

emissions, and run-off water quality.

**Section 5.03 Submission, Approval and Refusal of Architecture, Siting, Landscaping and other Building Plans.** Two copies of all plans and related data shall be submitted to the Developer prior to any improvements or modifications of any kind being made to any Lot. The Developer shall establish a fee sufficient to cover the expense of reviewing plans and related data at the time they are submitted for review and to compensate any consulting architects, landscape architects, urban designers, or attorney's retainer. The fee initially established by these General Covenants shall be Three Hundred and No/100 (\$300.00) Dollars for each submission. The Developer shall have the right to increase this amount not more than once in any subsequent twelve (12) month period. Approvals shall be dated and shall not be effective for construction commenced more than nine (9) months after such approval. Unapproved plans and related data shall be accompanied by a reasonable statement of items found unacceptable. In the event the approval of such plans is neither granted nor denied within sixty (60) days following receipt by the Developer of the written request for approval, the provisions of this Section shall be thereby waived. Refusal or approval of plans, site location, building height, or specifications may be based by the Developer upon any ground which is consistent with the objectives of these Covenants and Design Guidelines, including purely aesthetic considerations, so long as such ground is not arbitrary or capricious.

**Section 5.04 Architectural and Design Guidelines.** The Developer will publish the Design Guidelines, as amended, from time to time which will set forth minimum criteria and controls of construction of improvements on the Property. In Order to further carry out the objectives set forth in this Section, the Design Guidelines will provide for Lot line setbacks, Lot coverage and clearing limitations, landscaping, construction schedules, types of materials approved for incorporation in the exterior construction of structures and other requirements relating to the development of the Subdivision. All improvements or modifications to the Property shall meet and comply with the Design Guidelines, as amended or modified from time to time. All plans submitted to the Developer must incorporate the provisions of these Guidelines prior to the Developer becoming obligated to review the plans, and the failure by the Developer to review non-conforming plans shall not be deemed a waiver of any of the provisions of this Section.

**Section 5.05 Approval Not a Guarantee or Representation of Proper Design or Good Workmanship.** No approval of plans, location or specifications, and no publication of the Design Guidelines shall ever be construed as representing or implying that such plans, specifications or standards will, if followed, result in a properly designed residence or that it will comply with applicable federal, state or local governmental regulations. Such approvals and standards shall in no event be construed as representing or guaranteeing that any residence or improvement thereto will be built in a good and workmanlike manner. The Developer, its agents and assigns, shall not be responsible or liable for any defects in any plans or specifications submitted, revised or approved under these Covenants nor for any defects in construction pursuant to such plans and specifications. The Property Owner shall have sole responsibility for compliance with approved plans and does hereby hold the Developer, its agents or assigns, harmless for any failure thereof caused by the Property Owner's architect or builder. The Developer reserves the right to prohibit the Property Owner's builder and/or general contractor from access to the site in the event it is determined by the Developer, in its

sole discretion, that failure to comply with approved plans is intentional or due to gross negligence.

Section 6.04 Completion of Construction. Dwelling Units may not be temporarily or permanently occupied until the exteriors thereof have been completed. During construction, the Property Owner shall require the contractor to maintain the Lot in a clean and uncluttered condition. Upon completion of construction, the Property Owner shall cause the contractor to immediately remove all equipment, tools, construction material and other debris from the Lot. Any damage to roadways, paths, Common Properties or any other Property owned by any person or entity caused by the Property Owner's contractor or other parties providing labor or services to the Property Owner shall be repaired by the Property Owner, or by the Developer at the Property Owner's expense.

Section 6.05 Service Yards. Each Property Owner shall provide a visually landscaped screened area to serve as a service yard and an area in which garbage receptacles, electric meters, air conditioning equipment, and other unsightly objects must be placed or stored in order to conceal them from view from the road and adjacent properties. No window air conditioning units may be installed or used on any Lot. No clotheslines are allowed on any Lot.

**Section 6.06 Governmental Approval.** All construction and alterations shall also be subject to applicable permit requirements and to all applicable governmental laws, statutes, ordinances, rules, regulations, orders and decrees.

**Section 6.07 Responsibility for Common Roofs.** It is recognized that Dwelling Units may be built in pairs on separate Lots under a common roof. Each Property Owner shall own and shall be responsible for the insurance, maintenance, repair and replacement of the portion of such common roof situated on his Lot and covering his Dwelling Unit, which is stipulated to comprise Fifty (50%) per cent of the whole of such common roof. No changes in the color, grade, quality or composition of shingles covering such common roof shall be made by any Property Owner without first obtaining the approval of the

Developer as set forth in Section 5.03 hereof.

Written approval will be granted for the amount of earth movement required in plans and specifications approved pursuant to the provisions of Section 5.03.

**Section 7.02 Trees or Underbrush Removal.** Prior to approval of a Property Owner's final plans by the Developer, no trees or underbrush may be removed without the written consent of the Developer.

The right is likewise reserved to the Developer to take steps necessary to provide and ensure adequate drainage ways, to remove diseased, dead or dangerous trees or underbrush, and to carry out other similar activities. These items shall not be the responsibility of the Developer once construction or earthmoving has begun on any Lot by a builder or individual homeowner.

These reservations and rights expressly include the right to cut trees, bushes or shrubbery as is reasonably necessary to provide economical and safe utility installation and to maintain reasonable standards of health, safety and appearance. Notwithstanding the preceding paragraphs, if any assessment required to be paid by a Member is past due as of the time a vote is being taken, such Member shall not be entitled to cast any vote at such time with respect to the Lot on which the assessment is past due.

- (c) A Member entitled to more than one (1) vote must vote all of the Member's votes for or against a matter submitted to the Members for a vote, or such Member may abstain from voting entirely, i.e., a Member entitled to more than one (1) vote may not split or fragment such Member's votes, but must vote (or abstain from voting) as a single unit.

When any Lot entitling the Owner thereof to membership in the Association has Owners which are corporations, trusts or partnerships, or where two (2) or more persons or entities are Owners, whether fiduciaries, joint tenants, tenants in common, tenants in partnership or in any other manner of joint or common ownership, one (1) officer, trustee, person or entity shall be designated the voting Member for all the others. A Member's or lessee's spouse and children who reside with such Member or lessee on the Property shall have the same easement of enjoyment hereunder as a Member. The easement of enjoyment herein shall pass from a Member to a lessee during the lease term; provided, however, the Association may adopt additional restrictions to its rules and regulations limiting the easement of enjoyment of guests and lessees, including but not limited to the specification of minimum lease terms, the number of guests allowed, or the prohibition or use by lessees or guests of specific Association properties.

Section 10.02 Title to Common Properties. The Developer has or will convey the Common Properties by statutory warranty deed to the Association, subject to all restrictions and limitations of record and to all additional restrictions and covenants set forth in the deed of conveyance. The Association shall be required to accept such conveyance of the Common Properties and shall, after such conveyance become responsible for all maintenance, operation and such additional construction of improvements as may be authorized by the Association's Board of Directors, subject to this Declaration. The Common Properties shall also be conveyed subject to all easements and restrictive covenants of record at the time of conveyance and the rights that others may have, as referred to in Section 10.01, to use certain Common Properties.

Section 10.03 Extent of Members' Easements. The easements enjoyment created hereby shall be subject to the following:

- (b) the right of the Association, in accordance with its By-Laws, to take such steps as are reasonably necessary to protect Common Properties against foreclosure;
- (c) the right of the Association, in accordance with its By-Laws, to suspend the voting rights and easements of enjoyment of any Member, lessee or guest of any Member for any period during which the payment of any assessment against the Property owned by such member is delinquent, and for any infraction of its published rules and regulations, it being understood that any suspension for either non-payment of any assessment or a breach of the rules and regulations of the Association shall not constitute a waiver or discharge of the Member's obligation to pay such assessment, and provided that the Association shall not suspend the right to use any roadways belonging to the Association, if any, although such use shall be subject to the rules and regulations established by the Association for such use;

- (d) the right of the Association, in accordance with its By-Laws, to charge reasonable user, admission or other fees for the use of the Common Properties and any facilities included therein, it being understood that this right of the Association allows it to have fees and charges apply to any Member, guest or lessee;

The fact that such restrictions on the use of the access routes shall be more restrictive than the laws of a state or local government shall not make such restrictions unreasonable;
- (f) the right of the Association, in accordance with its By-Laws, to adopt and publish rules and regulations governing the use of the Common Properties, and the conduct of Members, their lessees or guests, and to establish penalties for the infraction of such rules and regulations;
- (g) the right of the Developer, or the Association in accordance with its By-Laws, to dedicate or transfer to any public or private utility company, utility or drainage easements on, over or under any part of the Common Properties;

Notwithstanding the foregoing, such a vote to give or sell as contemplated by this paragraph shall not be effective without the written consent of the Class B Member, so long as there is a Class B Member with voting rights, as set forth herein. A true copy of such resolution together with a certificate of the results of the vote taken thereon shall be made and acknowledged by the President or Vice President and Secretary or Assistant Secretary of the Association, and such certificate shall be annexed to any instrument or dedication or transfer affecting the Common Properties prior to the recording thereof. The annual and special assessments shall be a charge and continuing lien on the real Property and improvements thereon against which each such assessment is made. Each such assessment, together with interest thereon at a rate per annum equal to ten percent (10%) from the date of delinquency until collected (unless waived by the Board), and the costs of collection thereof, including reasonable attorneys' fees, shall also be the personal obligation of the Owner of such real Property at the time when the assessment first becomes due and payable. In the case of co-ownership of a Lot, all of such co-Owners shall be jointly and severally liable for the entire amount of the assessment, interest, penalties, and cost of collection. If an assessment is not paid within forty-five (45) days after the due date, such assessment shall then be delinquent and interest shall be added to the amount as provided herein and a penalty in an amount to be determined annually by the Board of Directors of the Association and consistently applied shall be added to such assessment, and further, the Association may bring an action at law against, the Owner personally, and there shall be added to the amount of such assessment the Associations actual attorneys' fees and disbursements related to such action. In the event a judgment is obtained, such judgment shall include interest on the assessment as above provided and such actual counsel fees and disbursements together with the costs of the action. Unless otherwise provided by the Board of Directors, annual assessments shall be due and payable on or before the first day of the calendar year for which the assessment is due.

Section 11.02 Purpose of the Assessments and Payments to Developer. Notwithstanding any provision contained herein, until such time that the Developer has in

fact conveyed to the Association all of the Common Properties, all assessments of any nature provided for herein shall be due and payable to the Developer, its successors or assigns, and all rights hereby established on behalf of the Association, including all remedies in event of default by an Owner, shall accrue to the benefit of the Developer. The assessments levied by the Association or the Developer shall be used exclusively for the improvement, landscaping, replacement, maintenance, repair, enhancement, enlargement and operation of the roadways, paths, tunnels, boardwalks, bridges, security systems, patrols and gates, insect control, vegetation control, drainage systems and similar purposes which are for the benefit of Property Owners, including Common Properties, and to provide all services which the Developer or Association is authorized to provide hereunder; including, but not limited to, payment of taxes and insurance, cost of labor and equipment, erosion control devices, materials, management supervision, accounting and Property Owner information services, repayment of loans and such other action as is necessary to carry out its authorized functions. Section 11.03 Application of "Maximum" Assessment. The annual assessments, as set forth below, and as annually increased pursuant to the provisions of subparagraph (c) below, shall be levied by the Association or by the Developer pursuant to Section 11.01. If, however, the Board of Directors of the Association, by majority vote, determines that the important and essential functions of the Association may be properly funded by annual assessments less than those set out below, it may levy such lesser assessments. However, so long as the Developer is engaged in the Development of properties which are subject to the terms of this Declaration,, the Association may not reduce annual assessments below those set out in subparagraph (a) of this Section without prior written consent of the Developer. The levy of annual assessments less than the maximum regular annual assessments in one year shall not affect the Board's right to levy the maximum regular annual assessments in subsequent years. If the Board of Directors shall levy less than the maximum regular annual assessments for any assessment year and if thereafter, during such assessment year, the Board of Directors shall determine that the important and essential functions of the Association cannot be funded by such lesser assessments, the Board may, by majority vote, levy supplemental assessments.

- (a) All assessments charged by the Association shall be rounded to the nearest dollar.
- (b) From and after January 1, 2008, the maximum regular annual assessment for Improved Lots and for Unimproved Lots may be increased, adjusted or reduced from year to year by the Board of Directors of the Association as the needs of the Property, in the Board's sole judgment, may require.

Section 11.04 Special Assessments for Improvements and Additions. In addition to the maximum regular annual assessment authorized by Section 11.03 hereof, the

Section 11.05 Reserve Funds. The Association may establish reserve funds from its annual assessments to be held in reserve in an interest bearing account or in obligations of the United States, State of Louisiana, or any agency of either, or in Triple-A debt, or in a prime commercial paper with a maturity of not more than one (1) year, as a reserve for (a) major rehabilitation or major repairs, (b) emergency and other repairs required as a result of storm, fire, natural disaster, or other casualty loss, (c) recurring periodic maintenance, and (d) initial costs of any new service to be performed by the Association.

The prorated portion of the annual assessment for the remainder of the year 2008 shall be due and payable on the date the Lot is purchased.

Section 11.07 Duties of the Board of Directors. The Board of Directors of the Association shall fix the amount of the annual assessment against each Lot, in accordance with the assessment schedule as provided hereinabove, and shall at that time direct the preparation of an index of the properties and assessments applicable thereto which shall be sent promptly to every Member subject thereto.

The Association shall upon written demand from any Owner at any time furnish to such Owner liable for any assessment a certificate in writing signed by an officer of the Association, setting forth whether said assessment has been paid. Such certificate shall be conclusive evidence against all but the Owner of payment of any assessment therein stated to have been paid.

Section 11.08 Subordination of the Lien of Mortgage. The lien of the assessments provided for herein shall be subordinate to the lien of any mortgage now or hereafter placed upon the properties subject to assessment; provided, however, that such subordination shall apply only to the assessments occurring subsequent to the date such mortgage becomes of record and, provided further, that upon a sale or transfer of such Property pursuant to

foreclosure, or any other proceeding or deed in lieu of foreclosure, the title acquired by the purchaser of such Property shall be subject to the lien of such subsequent assessments.

The Association shall furnish to each Member of the Association who may make a request therefore in writing, a copy of such statement within thirty (30) days after receipt of such request. Such copies may be furnished to the Member either in person or by mail.
